

DAC IPO182 3.5mm Stereo EP to RCA Interconnect

Overview:

DAC's IPO182 audio interconnects are designed for those who want to seamlessly connect portable audio devices to home audio systems. With a length of 2 meters, these high-quality cables provide a reliable solution for transmitting audio signals with clarity and precision, making them ideal for music lovers and professionals alike.

Technical Specifications

- **Type:** 3.5mm Stereo EP to RCA Interconnects
- **Length:** 2 meters
- **Conductor Material:** Oxygen-Free Copper (OFC)
- **Connector Plating:** 24K Gold Plated
- **Insulation Material:** Foamed Polyethylene (PE)
- **Shielding:** Double Shielded
- **Outer Jacket:** Durable PVC

Key Features

- **High-Fidelity Conductors:** The use of Oxygen-Free Copper (OFC) ensures high conductivity and minimal signal loss, delivering an exceptional audio experience with rich sound quality.
- **Corrosion-Resistant Connectors:** The 24K gold plated connectors provide excellent resistance to corrosion and tarnishing, ensuring a stable and durable connection over time.
- **Effective Insulation:** The foamed PE insulation enhances signal clarity by reducing capacitance and maintaining a clean audio signal free from interference.
- **Robust Shielding:** With double shielding, the cables are protected against electromagnetic interference (EMI) and radio frequency interference (RFI), ensuring consistent audio performance.
- **Durable Construction:** The durable PVC jacket provides excellent protection against wear and tear, making these cables suitable for both home and on-the-go use.
- **Versatile Connectivity:** Perfect for connecting smartphones, tablets, and other portable devices with a 3.5mm output to RCA inputs on amplifiers or home audio systems.

The DAC IPO182 audio interconnect offers a high-quality solution for connecting portable devices to larger audio systems. With premium materials and thoughtful design, these 2-meter cables ensure optimal audio performance and reliability. Whether for casual listening or professional use, the IPO182 interconnects are an essential accessory for anyone looking to enhance their audio experience.
