

DAC HDMI 4K OFC 2.0

Overview

DAC's High Speed 4K OFC 2.0 HDMI Cable is expertly designed to deliver outstanding audio and video performance, featuring a reliable Taiwan chipset. Supporting 4K resolution at 60 Hz and a bandwidth of 18 Gbps, this cable provides stunning visuals and seamless connectivity. With advanced features like HDR support and 24K gold-plated connectors, the DAC OFC HDMI cable is perfect for enhancing your home theatre, gaming, or professional AV setup.

Key Features

- **4K @ 60 Hz:** Enjoy vibrant, high-definition 4K video with smooth frame rates, ideal for movies, gaming, and streaming.
- **18 Gbps Bandwidth:** High-speed data transfer ensures optimal video quality and audio fidelity without compromise.
- **HDCP 2.2 Compliance:** Guarantees compatibility with the latest content protection standards for secure playback of 4K content.
- **HDR 10 up to 12-bit 4:4:4:** Experience enhanced colour depth and contrast, delivering lifelike images and rich detail.
- **Audio Return Channel (ARC):** Simplifies audio management by allowing sound to be sent back to the receiver via the same HDMI cable.
- **3D Support:** Compatible with 3D content, providing an immersive viewing experience for 3D movies and games.
- **HPD & CEC Support:** Supports Hot Plug Detection and Consumer Electronics Control for easy device connectivity and management.
- **24K Gold-Plated Plugs:** Ensures superior connectivity and resistance to corrosion, enhancing signal transmission quality.

Technical Specifications

- **Type:** OFC (Oxygen-Free Copper)
- **Resolution:** Up to 4K @ 60 Hz
- **Bandwidth:** 18 Gbps
- **HDCP Compatibility:** 2.2
- **HDR Support:** HDR 10 up to 12-bit 4:4:4
- **Audio Support:** ARC
- **3D Compatibility:** Yes
- **Connector Type:** Standard HDMI Type A with 24K gold plating
- **Chipset:** Taiwan chipset for reliable performance
- **Length:** Available in 10 meters

Applications

- **Home Theatre Systems:** Ideal for connecting 4K devices to TVs and receivers, enhancing your cinematic experience with stunning visuals and immersive sound.
- **Gaming:** Perfect for gamers seeking high refresh rates and resolutions for smooth and responsive gameplay.
- **Professional AV Installations:** Suitable for conference rooms and event spaces where high-quality audio and video are essential for presentations and meetings.
- **Streaming Devices:** Connects effortlessly to streaming devices, providing access to high-definition content with superior audio quality.

The DAC High Speed 4K OFC 2.0 HDMI Cable is an excellent choice for anyone looking to elevate their audio-visual experience, supporting the latest technologies for both home and professional use.
